Whether you want to focus on work or on life, the Copenhagen table lamp will inspire you. With its opal glass to shed light on the subject, in tandem with an oxidised brass stem and base. Add to that a dimmer feature, and you can adjust the light from cold to warm - and back.

“The table has always been an interesting object for us,” says Martin Kornbek Hansen, CEO / Founder of &tradition. “People either use it for work or for play. After launching the pendant version of Copenhagen, we saw the opportunity to make the concept smaller and more compact, with a dimmer to personalise the light according to the situation.

The satinised opal glass shade exudes a soft ambient light, boasting a LED dimmer that lets you to adjust the light from a colder whiter light for daytime to a warmer light at nighttime for a calmer effect. The technology reflects Nobel Prize findings about our inner clock and thus the effect of light on our sense of wellbeing.

The Copenhagen table lamp is a welcome addition to any table, perfect for thinking, dreaming or just conversing.

42cm / 16.5in

Ø: 33cm / 13in
Base: Ø: 17.5cm / 6.9in

Product category	Table lamp
Production process	The lamp shade is made from mouth blown opal glass and the base and stem are made from deep drawn and extruded metal.
Environment	Indoor
Material	Mouth-blown satinized opal glass & bronzed brass
Dimensions (cm/in)	Glass shade: Ø: 33cm/13in Base: Ø: 17.5cm/6.9in, H: 42cm/16.5in
Weight (kg)	4.4 kg
Colours	Satinized opal glass, Bronzed brass
Voltage (V)	100-240V - 50Hz. With wall adapter output: 12V-1000mA
Light source performance & quality	Light output: 700 lumen Lument/watt: 88 lumen/watt CRI: >85 Dimming & colour temperature (Kelvin): Dim-to-warm technology - 2200K-2800K
Dimmability	The light intensity can be controlled by the dimmer knob on the base of the lamp.
Light source & Energy efficiency class	8 Watt LED The luminaire is energy classe : A+. The built-in LED module can be replaced in this luminaire. Available upon request.
Approximate LED life-time	50.000 hours
Certifications	CE, IP20, Class II
Cord Lenght (cm/in)	350cm/137.8in
Cleaning instructions	Clean with soft dry cloth. Always switch off the electricity supply before cleaning.
Package dimensions (cm/in)	Glass shade: L: 41cm/16.1in, W: 41cm/16.1in, H: 31.5cm/12.2in Base: L: 48cm/19.9in, W: 26cm/10.2in, H: 16cm/6.3in
